St. Petersburg is the former capital of Imperial Russia, home of the Tsars and one of the world's most beautiful and romantic cities. St. Petersburg was founded by Tsar Peter the Great in 1703 on the banks of the Neva River and the Gulf of Finland. The entire city center is a UNESCO World Heritage Site and is full of beautiful palaces and monuments including the Winter Palace. The city is also known as the Venice of the North because of its location on various islands in the Neva River and its many canals and bridges.

During the City Tour you will see the most remarkable sights of the city on the Neva river banks and you will get plenty of unforgettable impressions. You will get acquainted with the history of St. Petersburg and will learn how it started and developed. You will see many of the sights that have made St. Petersburg famous: St. Isaac Square and St. Isaac's Cathedral, the Spit of Vasilievsky island with Rostral Columns and the Stock Exchange building and the Bronze Horseman monument, Peter and Paul Fortress and legendary battleship «Aurora», Field of Mars and the Summer Garden, the Cathedral of a Saviour-on-the-Spilled Blood and the Winter Palace.
